

Moran Magal

Singer songwriter, pianist and composer.
Distinctive vocal/piano-based progressive Folk/Rock
with Metal/Gothic edge.

"Not just Moran's new arrangements to Metal songs and her great talent as a pianist and singer are so captivating, it is also her original music that reaches every capillary in your heart" - *Metalist Magazine*

Virtuoso pianist and vocal artist, Moran Magal, is emerging on Israeli and European stages with a progressive Folk-Rock style that is all her own; easily bridging multiple ages and stages. Moran offers a unique, cross-genre concept to festival audiences, (Folk, Rock, Metal, Vocal festivals, etc.) with essentially her signature fusion of progressive Folk Rock sound with a Heavy Metal and Gothic edge. As her hands glide easily over the keyboard in an extension of her body, Moran's vocal depth and intensity merge light with dark, pain with humor, and honesty from the intimacy of her soul with stirring melodies.
